

Johnson Ranch Barracudas 2018 Assessment Guidelines

Safety Test for New Swimmers

Thank you for registering your child for the 2018 Barracudas Swim Team. To ensure your child's safety, we require all newly registered swimmers to participate in, and pass, a mandatory water safety check. It's important for the coaching staff to assess swim ability before official practices begin to make sure your child can fully participate. The Safety test is open to swimmers 4 years old prior to June 15th, 2018.

To pass the safety check, each swimmer must swim one length (25-yards) of the swimming pool, without assistance, in less than 1 minute and 30 seconds. Each swimmer must be comfortable swimming with his/her face in the water with minimal stopping on the lane. The coaching staff will assess each swimmer from both ends of the pool. A coach will also be in the water swimming alongside each swimmer should any assistance be needed.

NOTE: If your swimmer is moving from another team we will use this time to evaluate your swimmers ability and properly place them in the Level practice that they will grow in.

If your swimmer does not pass the Safety Test you will be refunded your registration money. We hope to see any swimmers that don't pass, continue taking Swim Lessons through JRRC to prepare them for next season!

SAFETY TEST DATES: Swim Assessments are planned for March 13 and March 15. Contact the team Concierge schedule a time and to answer any questions related to assessments.

Please arrive on-time for your swimmer's scheduled safety check. Sign in your child at the check-in table and pick up his/her swimmer card. Your swimmer must be ready to swim when his/her number is called. Be sure your swimmer knows what to do and has on his/her goggles and swim cap. Each swimmer will have one opportunity to complete the lap.
