7. Old Business - none
8. New Business
 - Executive committee ballot was approved and voted in
 - Moved and seconded to approve TISCA Home School Team rules to be applied to KISL activities. KISL bylaws and rules will need to be revised to allow for this.
 - Middle School – should KISL get involved with middle school swimming? There are no rules and it is totally open at this point. Perhaps at the state level but not for KISL – will be discussed more at the fall meeting
 - The question was asked: Should there be a cooperative program for schools with no swim and dive program so they can form their own team like home schools now OR just single swimmers or divers be able to participate with a larger school? This question should be presented at the fall KISL and TISCA meeting
9. Next KISL date is set for August 21, 2007 at Farragut High School
