**Subject:** Midlakes Officials Update #3

Officials,

We are on the last weekend until the season starts, what an exciting time. I had some great help this season with training and updating the website with lots of great training materials. Please refer to the officials training page for links to these documents. If you have any questions, please send me an separate email.

**Weather:**

What to do when the weather does not cooperate? We live in Seattle area so rain, we swim through it! If there is thunder/lightning what do we do? We clear the POOL AND DECK for 30 minutes after the last thunder. No one is to be on deck during this time or next to water. What do we do if there is not enough time to finish the meet? Come to an agreement on which events to cut out, maybe freestyle or relays at the end of the meet.

**SHIRTS & DQ Slips:**

I will have shirts this afternoon in my possession. If you did not order by May 25th deadline, you will have to wait until I count any extra shirts. I will send out an extra shirt email, please do not contact me before that email asking for shirts.

If you will be at Klahanie tonight, please respond by 3pm today and I will leave your clubs DQ slips and shirts to pick up, I will be stopping by Klahanie pool around 4 to drop off.

I will be hosting the training tomorrow at TPC Snoqualmie from 7 am until about 9am and will have shirts/DQ slips with me.

If you cannot send a team representative tonight or tomorrow, I will be available prior to Tuesday to make arrangements. Send me a SEPARATE email regarding a pick up time. I live in Issaquah Highlands

Below are the teams who submitted shirt order on time. If you are not on this list, please wait for extra shirt email on what I have left, I did order a few extras within my budget.

Phantom Lake, Rolling Hills, STC, Gators, MSC, Overlake  
Triangle, Somerset, Edgebrook, Norwood, Royals, Fairwood  
Woodridge, High Woodlands
