

OVERVIEW of ORCA SWIM TEAM FINANCIAL AID

For over 50 years, the Terra Linda Orcas Swim Team (a registered California Not for Profit organization) has existed to promote seasonal competitive swimming in the family oriented community of San Rafael, in an area known as Terra Linda. Countless youth have passed through the Orca swim program that not only taught them competitive swimming and the value of hard work through practice and teamwork, but developed values and friendships that last a lifetime.

We are all aware that from time to time situations arise wherein swimmers and their families who otherwise would love to participate in the Marin Swim League can ill afford the expense of the 2022 fee of \$475 per swimmer (about \$4 per day/meet on average). It is the policy of the Terra Linda Orcas to encourage as many swimmers/families as we can to participate in swimming. Each year the Orcas budgets a portion of our income to assist with financial assistance for a select number of qualifying families. However, there is a limit to these funds and unfortunately we cannot accommodate all families in need of financial assistance. While every effort is made to help all families in need, we ask that each family contribute as much as it can afford and request only what it truly needs.

If an applicant is selected for financial assistance, the typical scholarship award is \$100 per swimmer for the current season. Additional assistance can be requested for special circumstances on a case-by-case basis. Please understand that, as a non-profit organization, our financial resources are limited.

In the event a Scholarship is awarded and the swimmer withdraws at any point during the season, no refunds will be granted.

We ask that you fill out the following form to help us start the financial assistance review process.

If you have any questions, please feel free to speak with any board member. The Team President working with the Team Registrar determines all awards. In the interest of privacy, we will keep your information confidential and hope that you will do the same.

It is our hope that via the Orca Scholarship Program we can facilitate your rewarding experience of being a Terra Linda Orca family.

Thank you,
Andrei Pasternak
2022 Team President
