

PURPOSE: To help minimize the number of people on the pool deck at one time.

CONTACT: Swim Team President, Lea Fortkamp (lea.fortkamp@gmail.com)

TEAM AREA: Families and swimmers are asked to sit in the grass area south of the tennis courts. Families are asked to follow current local and state health guidelines and observe social distancing as appropriate to their current vaccination status.

Please keep in mind that different families have different thresholds for risk. We trust that all swimmers and spectators will be considerate of those around them, spreading out in order to reduce the potential for disease transmission and wearing a mask appropriately when distance cannot be maintained.

Masks must be worn over nose and mouth by unvaccinated individuals (swimmers, coaches, and parents) at all times in team bullpens and on the pool deck. We respectfully ask for your kind cooperation.

BULLPEN: Each team is responsible for managing its own bullpen for all age groups (6&U to 15-18) in their respective team area and escorting their team's swimmers to Staged Heat area through the fence gate, encouraging swimmers to line up 3-6 feet apart. The coaches from EACH team will then walk swimmers from the team area through the gate and line them up 3-6 feet apart in the heat staging area. All swimmers will exit the pool area through the locker rooms.

SWIMMERS: Swimmers will be escorted on deck by their team's coaches per event/heat. Unvaccinated swimmers are requested to wear masks before and after their races (in their team's bullpen, and on the walk to/from the blocks). Swimmers will exit the pool area promptly via the locker rooms following each race.

SPECTATORS: Capacity inside the pool fence is currently limited by the state. Spectators (2 per swimmer) will rotate on/off the pool deck for each of their child's/children's events. Spectators will enter the pool deck through the gate entrance, view their swimmer's race (spreading out at end of the pool) and exit through the locker rooms to the team area. Unvaccinated individuals are asked to wear masks on the pool deck. There will be no seating on the pool deck this season.

CONCESSIONS: Limited packaged concessions (candy, snacks, and drinks) will be available for purchase in the Gazebo located near the parking lot.

OFFICIALS: Three (starter/rep, 2 stroke/turn) – provided by the home team

TIMERS: Eight (1 per lane plus 2 backup) – provided by the home team
