Records Down for the Count!

Congrats to our 15-18 & 9-10 VIPs, and Good Luck to those who'll try to take them Down for the Count. Depicted here are the reigning record-holders, and they'll both withstand the test of time/s! Quick overview: MOC admin pulled off yet another Megawatt weekend of amped-up organized chaos. Like clockwork, a speedy and efficient succession of intros, beeps, announcements and records -- all with flawless and fluid consistency -- kept **53** regional **teams** bustling. This year's Mega-memorable meet, held at the Roseville Aquatics Center, drew **47** of **54** qualified GR contenders. And those Megastar efforts paid off handsomely in this finger-snapping organized chaos. Records + relays + finalists + high-points + PBs = one records-spinning Stingrays spectacle. While competing in the Large Team Division, after constant rotation on the spindle at 78 rpm, the Megaphone blared that our relentless, scurrying athletes brought home **Second Place!** Scores for the top five teams: **Elk Grove 2124.5**, **Gold River 1820**, **Johnson Ranch 993.5**, **Broadstone 979.5** and **Davis 774.5**. Nothing we can do about the **78 EG Piranhas**. Look what we did with the others, bringing them down for the count.

Returning now to our primetime **records** programming, Hoots & Hollers to the following Stingrays speedsters who left team broken vinyl in the pool: 15-18 Jordan Waite-Kerns, 100 back, 1:04.19; 13-14s Max Leisten, 50 free, 22.36; 50 fly, 23.98; 100 IM, 56.30; and Caleb Lynch, 50 breast, 28.69. As for the remarkable relays, striking gold in the 100 Mega-medley relay [1:02.13] and striking oil in the 100 free relay [53.68] were 9-10 participants Luca Bortoletto, Brady Calkins, Matthew Choi, Brayden Haymart and Luke Kronbeter.

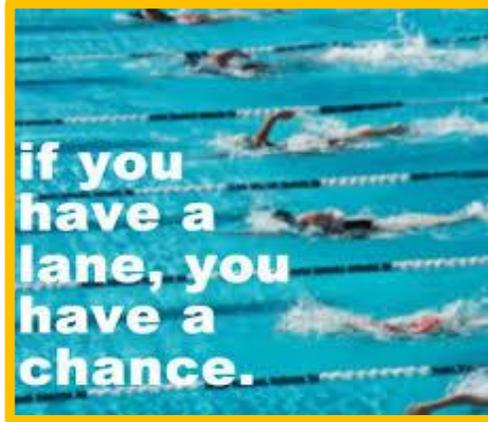

Before concentrating on the big kids, four **6&U** teammates swam their hearts out ... in individual events and coed relays. Give it up for ♥♥♥♥ Megastars Olivia Arno, Kendall Gonzalez, Audrey Stanbach and Evan Viele. Moving to the 7-8s, [excepting these boys] every single age group fielded relays. Many thanks to all families that stayed with us to ensure foursome formation ... oftentimes not possible & this year filled to the gills. Once again in the **Tower of Records** department, as duly noted above, our 9-10 boys took their Mega-talented field down for the count. Also first to the wall in the 200 moving medley and 200 flying free were five 11-12s who raced in one or both: Lexi Haymart, Ava Ippoloti, Morgan Jones, Jenna Pimenta and Kaeli Savorn. Lap for lap, there were two first-places for 13-14s Henry Adamson, Max Leisten, Caleb Lynch and Landon Marks and two second-places for our 11-12 & 15-18 boys.

Trevor, Summer's brother, and his wife Jenni painstakingly read them and deliberate the deserving recipients. This year both Jason Feldkamp and Jeffrey Pimenta were rewarded with \$500 scholarships for their past accomplishments and brightly shining futures. What Mega-Models for our Up & Comers!
