

Thank you for considering sponsorship for the Sacramento Stingrays Swim Team! The Stingrays is a non-profit youth organization based in the Land Park/Pocket area of Sacramento, and serves over 130 families and 200 swimmers ages 4-18 annually. The purpose of the organization is to teach lifelong and life-saving swimming skills, as well as instill a sense of community, friendship, and a healthy balance of competition. The Sacramento Stingrays have been a local recreational swim team since 1960 and is a founding member of the Sacramento Swim League.

As a non-profit organization, we rely on fundraising to support our program. Your generous donation will go towards funding our facility rental for the season, upgrading any broken or outdated equipment, paying our coaches, team-building events, and more! We welcome our sponsors to join us at any swim meet or team event. If you do not have a swimmer on the team, simply contact us to inquire about our calendar of events.

Should you have any questions regarding our organization or sponsorships, please don't hesitate to reach out to any of our executive board members, listed below. Thank you again for your consideration and support of our swimmers!
