Head Coach News!!!

Hi Piranhas!

It's crazy to believe that we just finished our first week of the Sun Prairie Piranhas 2017 swim season. The coaches and I have had a great week getting to know all the swimmer and parents. There are a lot more of you than there are of us!

We hope that we welcomed back all the returning swimmers and their families. We will continue to welcome the new swimmers and parents who are just getting involved in this great team. All of the swimmers so far have been looking wonderful. Our coaches have been providing quality instruction and giving opportunities to push swimmers of all levels. This way we can end up with the strongest team we can have.

If you have not attended a practice yet, it is strongly encouraged. All the coaches would like to meet the parents and their children before the first meet. Please remember to not wear your team suit during practice. It is okay to wear old team suits, but do not wear this year's team suit. This will ensure lasts the entire season staying nice and tight.

Another reminder, please sign up for meets as soon as possible. It is good to go through and accept or decline all of the meets right at the beginning of the season. This way you don't have to think about signing up for the meets later. I will not accept any late entry's to meets as there is a lot of behind the scenes work to schedule all the swimmers in events. It is also encouraged to choose events for your swimmer, but it is not mandatory. If you do not know what to put them in their group coaches working with them can choose for you. Finally, at the request of the high school staff please remember not to leave any backpacks or swim bags in the locker-room at the high school pool. This can lead to a fire hazard if too many are being laid out.

I cannot wait to get to know everyone even more next week and further weeks into the season. It is going to be one amazing season!

Go Piranhas!!

Head Coach Sydney Challoner

Meet Sign-up Deadlines

To be involved in the Tri-county swim meet schedule you will need to register your swimmer in advance. You will then be able to sign your swimmer up for two preferred events. We recommend signing up for all meets you will be swimming at the start of the season and making adjustments as needed later. This helps ensure deadlines are not missed. Late meet entries will not be accepted.

- Sauk Prairie: June 1st
- Spring Green: June 8th
- Mt Horeb: June 15th
- Wis Dells: June 20th
- Cross Plains: June 29th
