

## **Lineup Coordinator Responsibilities**

Lineup Coordinators direct swimmer flow for all 6U through 11-12 age group events. There are two people per shift. One should be out on the property calling events and helping find stragglers, and the other on the porch listening for the Announcer and cross-checking lineup order.

Supplies: clipboard w/ full heat sheet, megaphone (ask Cynthia Nagle)

1. Keep track of meet flow. Don't rely on the Announcer, you will have to call for events first!
2. Call for each event to start gathering on the sidewalk near the porch. Begin 5-10 minutes before meet start time for the 7-8 / 9-10 medley relay, and then stay 2-3 events ahead. It is better to have multiple swimmer groups waiting than to have nobody ready to swim
3. Be sure all families around the property hear you! There are groups in the parking lot, across the driveway, and around the pool corner near the circle (see map). Walk around, and be loud!
4. Be sure the Dragon Tamer/Kid Pushers know when the Announcer calls for their event, and direct them onto the porch
5. Check events lined up on the porch to be sure the lineup order is correct, per the instructions, before the kids are handed off to the Clerk of Course on the pool deck. Especially important for relays
6. After the 11 - 12s, take a break. Listen for the 15 - 18s event to be in the pool, this is your cue to begin the next set of events
7. Shift One only: you are on duty until the 11 - 12 Girls Backstroke event goes to the Clerk of Course. Find your Shift Two relief crew and hand off the clipboard
8. Shift Two only: find Shift One to hand off when the 11-12s are swimming Backstroke, and get prepared to call the 6U age group for Breaststroke when the 15 - 18 Backstroke is underway

Map of age group seating areas. Yellow indicates where swimmers line up, and the path to walk to the Clerk of Course (up the stairs, onto the porch, and through the gate to the pool deck)
