

## WEEK FIVE NEWSLETTER

Welcome to the Week 5 newsletter! The heat was intense this past week but we didn't let that stop our fun! New water activities helped us out a lot! Read below to find out about all of the fun things we did!

### THIS WEEKS EVENTS:

Monday we had our first day of tie-dye! Campers got to choose colors and patterns to design shirts! Campers used craft time on Monday to participate in a scavenger hunt run by the counselors!

Tuesday campers continued to tie-dye and play games together! The heat wave really began to pick up so pool time was definitely the highlight of the day!

Wednesday, campers got to make teddy-graham tents out of graham crackers, icing, and teddy grahams! We also got ice cream from Mr.Softee! In the morning, the counselors made a clay challenge, where each tent had to work together to make a clay creation to show off in a competition! Congrats to Layla, Izzy, Brooke, and Breslin for winning!

Thursday our campers made orbeez squishies, played a near camp-wide game of musical chairs, utilized our sprinkler, and played with the new baby pool fountain. All great ways to fill a hot day!

Friday felt like the hottest day yet! Campers got to use the slip n' slide and a new big sprinkler was put into the pool! We also ate pizza!

#### Tiny Cudas:

This week was camping week for our Tiny Cudas! We had so much fun playing, lounging, and eating lunch in a real camping tent! We also got to make the teddy bear tents the older campers made and dirt cups!

### UPCOMING:

On Monday, we have our science visitors returning to help us with some cool experiments! On Wednesday, the Cherry Hill Fire Department is coming to teach us about what they do and show us their truck! On Thursday, Officer Amato and his K-9 Mai will be visiting to teach us about K-9 dogs!
