

Valley Swim Association

2022 LEAGUE MISSION, GUIDELINES and RULES

MISSION

The Valley Swim Association (VSA) is a recreational swim league established for the benefit of kids, up to age 18, living in the Alamo, Danville, Diablo and San Ramon, and the small slice of Walnut Creek within SRVUSD boundary Areas. The VSA is committed to developing its members into better swimmers while teaching team spirit, good sportsmanship, and community camaraderie.

As a recreational swim league, emphasis is placed on creating a team environment with competitive dual meets with other member teams of VSA. Currently, meets are conducted on Wednesday evenings and Saturday mornings.

GUIDELINES

- A. Swim meets are as short as 3 hours, and often longer. While not mandated by VSA rules, the league encourages teams to limit the number of swimmers in a specific age group to no more than 25. This allows each swimmer to swim in multiple events and allows meets to finish within a reasonable amount of time.
- B. In any VSA decision-making process, members will be reminded that the "spirit" of this league is recreational in nature and to benefit local kids who do not swim year-round.
- C. The VSA is bounded by a set of guidelines and rules intended to optimize the child's swimming experience. The guidelines and rules are created and managed by the Board of VSA, which is comprised of a representative from each team. Although these guidelines and rules exist, it is expected that controversies will arise. The VSA Board shall resolve any controversy in regard to guidelines, rules, or league issues focusing primarily on the swimmer and the "spirit" for which this league was developed.

The host team's meet director and head timer will remove any timer determined to be unwilling or unable to fulfill the obligations of a timer.

Meet Scoring

23. Each team may score a maximum of three team members for all first heats. Only first heat events will count toward team scores. For pools with 7+ lanes, all lanes will be used as scoring lanes, but only the top three finishing times for each team will score. Teams may mutually agree in advance not to score a meet. If teams do not both agree the default is to score the meet.
24. For electronic timed meets, when three buttons are used, the median time shall be the official time. If only two buttons are used the average time shall be the official time. Where touch pads are used, the official time shall be determined in accordance with 2021 USA Swimming Rules and Regulations 102.24.4. Championship Meet

33. The Championship Meet will conclude the League Season.
34. Except as otherwise may be determined by the VSA board, swimmers are eligible to compete in the Championship Meet only if the swimmer has swum an individual event in at least two meets during the same season as the Championship meet. One of those two meets must involve at least one other VSA team; a dual meet with another VSA team, a tri-meet involving another VSA team, , and/or the Blackhawk First Chance Meet and Last Chance Meet. Participation in time trials may count toward one of such two meets but does not count as a meet involving another VSA team. The report shall identify the specific meets each swimmer has swum in.
35. Entries for this meet must be submitted in accordance to the specific procedure and timetable set by the Meet Director.

38. There will be no IM event for 6-U.
39. An individual may swim a maximum of three individual and two relay events.

Any swimmer who places in the top 22 (20 finalist and 2 alternates) in the preliminary session but is not one of the 5 fastest qualifiers on their team, will not move into the finals session (even if one or more of the 5 fastest qualifiers on the same team does not elect to swim in the finals for any reason, including but not limited to illness or injury). Swimmers with known conflicts for finals can be marked as exhibition by their coach, which will allow the 5 fastest *available* swimmers that qualify from any one team to swim in finals.

To Mark a Swimmer as Exhibition

Coaches must fill out a VSA Exhibition Swimmer Form at least 30 minutes before the start of the preliminary meet each day if a swimmer will not be available for finals and needs to swim as an exhibition swimmer.

A Swimmer's preliminary swim will still count for all record-keeping purposes, but they will not be eligible to compete in the finals session, score points for their team, or receive any medals/ribbons for that event.
