## **SCSC Honor Roll Swim Cap Incentive Program**

SCSC is committed to our mission of *Igniting student-athletes to grow, to live with passion and to lead through discipline, effort and positive attitudes.* As you can see, our coaches' primary focus is on developing every facet of the swimmers' lives, including their academics. What better way to encourage our student-athletes to achieve in school than by recognizing their academic achievements and commitment to learning? Therefore, we've created an honor-roll swim cap incentive program. Here's how it works:

Every SCSC student-athlete that achieves Honor-Roll status (all As and/or Bs, or the equivalent of As and Bs) and presents their semester grade card to the their lead coach may receive one orange honor-roll latex cap. Or, when our honor roll student-athletes present their report card, they may opt for a silicone cap for \$15 instead. Swimmers may earn up to two free latex caps, or purchase up to two silicone caps per school year (one per semester)

As an added bonus to our honor-roll student-athletes, any SCSC team cap that has the SCSC Crest on the cap may be worn in practices and competitions. This will include the orange honor roll cap, along with the navy blue meet and practice cap and white national cap.

We encourage swimmers to put their names on the inside of their caps with a permanent marker, as lost honor roll caps will not be replaced or be available for purchase after the being initially awarded.
