

Coaches Email Update #1 4.14.20

Hi Coaches,

First and foremost, I hope this email finds you, your family, your team's families and everyone else healthy and safe. What a crazy, crazy worldwide circumstance we are living through. Please don't find this email insensitive; I am purely hoping we will be back to somewhat "normal" in the coming months and trying to give our athletes something to look forward to.

I am reaching out to you to let you know as of now, the Sandpipers of Nevada intend to host the annual *John Sullivan Firecracker Invitational*, July 3-5, 2020, at Pavilion Center Pool. I included the tentative Meet Form for your information. The sanction app was sent in about a month ago and we have not received an official sanction yet. I don't anticipate hearing back until we have a better idea of the State, Federal and USA-S policies on social distancing, youth sports, etc.

As we receive more information, I will send further updates on the status of the Invitational. We do have hotel blocks setup for our visiting teams. Information can be found on the [Event Page](#) of our team website.

Take care coaches,

Coach Michael Kinross
