Example
2013

---------- Cut Here ----------

This is an example of the USA Swimming form that will be provided by the STAR Aquatics Registrar.

This form must be filled in completely with the swimmer's complete personal information, this includes the swimmer's middle intial or name. The swimmer's 14 character USA Swimming ID, which will be created by USA Swimming, will include the swimmer's date of birth, first name, last name and middle initial in the format shown below. If the swimmer does not have a middle name leave that section blank. The ID will always be 14 characters.

MMDDYYFFFMLLLL

This is how the swimmer's records are forever tracked to: enter meets, verify proper age group, verify swim times and to verify registration. This information must be entered correctly the first time. This is why a birth certificate is required to be reviewed at the time of registration.

If the swimmer has previouly registered with USA Swimming and registered with a team other than STAR Aquatics the complete and correct information must be entered in the lower left of the form. Last year registered, previous club code, previous LSC code and very importantly the date of the last competition the swimmer participated in while representing the previous team.

Please do not forget to sign and date the form. Please return to STAR Aquatics Registrar to verify accuracy with birth certificate. Please have a check made out to Southern California Swimming. Once checked the form and payment can be mailed to the address on the form.
