

Let's Make Waves to Fight Cancer!

For the last two years, Ensworth Aquatics (masters and age group) swimmers joined with **Swim Across America** to raise money to fund clinical trials and research in the fight against cancer. We are incredibly proud to share that through the dedicated effort of many of our team members, we have raised a combined amount of **over \$35,000!** Our funds were included in a \$100,000 grant made by SAA that you can read about [here](#).

On November 17, 2019, we will host our 3rd annual Swim Across America charity swim at the Ensworth Natatorium with **the hopes of raising \$25,000**. The information and registration page are live at this [link](#) so we are now able to get started with our fundraising!
