

All,

We have had some questions come up about spectators for this summers NCSA Championship, and we will be having full access for spectators. We will be selling All-Session passes on site, as well as wrist bands for sale for individual sessions. The prices for Spectators are listed below. In addition, we have a Sign-Up on the website for Timers. Parents that sign up to Time a Prelim Session will receive an All-Session Pass that will allow them in the stands for all other sessions.

We will have 12 spots available for each Prelim session and it will be first come/first served for Sign up. Please send this link ou to your parents that will be attending the meet. We will have the list of volunteers at Check in and any parents that are Timing will be able to pick up their All-Session pass at that time. Also, Huntsville Aquatic Center allows those that have been vaccinated to attend mask-free both in the stands and on deck. We will be opening sales for Spectator Passes on Monday, August 9 at Noon in the Team Registration Area.
