

2017 Summer League FAQ's

What if we go on vacation during the program? The program is designed for flexibility. Obviously, the more you practice the better you will get, but practices are not mandatory. If you are going to miss a meet or practice, just let the head coach know in writing or via email so they won't schedule the swimmer for events inappropriately. There will not be a refund for the missed time.

My swimmer is 5 and has very strong swim skills, can they join? We try to limit the minimum age to 6, but sometimes the swimmer is very capable. The only issue in that situation is the swimmer being able to follow directions in a large group and compete at the meets with older swimmers. It really depends on the child and how he or she deals with the situation. Often times we hold the swimmer out of the program to make sure he or she is really ready- it tends to make for a more positive experience later.

Why is there a refund period? Heartland Swim is a true non-profit. We put all of our efforts into the programs. We base our staff and supplies on the registered applicants at the beginning of the program, so we are only able to hold the refund period open for a short time frame. Please refer to the flyer for the dates and refund period for this year.

I wanted to register my swimmer for the pre-season program? We are unable to offer the pre-season program this year. We will be offering an extended version of the very well received Swim Clinics offered last summer.

For swim lessons, we highly recommend:

La Mesa Municipal Pool <http://www.cityoflamesa.com/index.aspx?NID=915>

Their phone number is 619.667.1494

I need more information, who do I contact? Please email specific questions to hsa@heartlandswim.org -we handle all questions via email.
