

How to enter your swimmer(s) in swim meets

1. Go to www.swimconnection.com
2. Click on Sierra Nevada Swimming

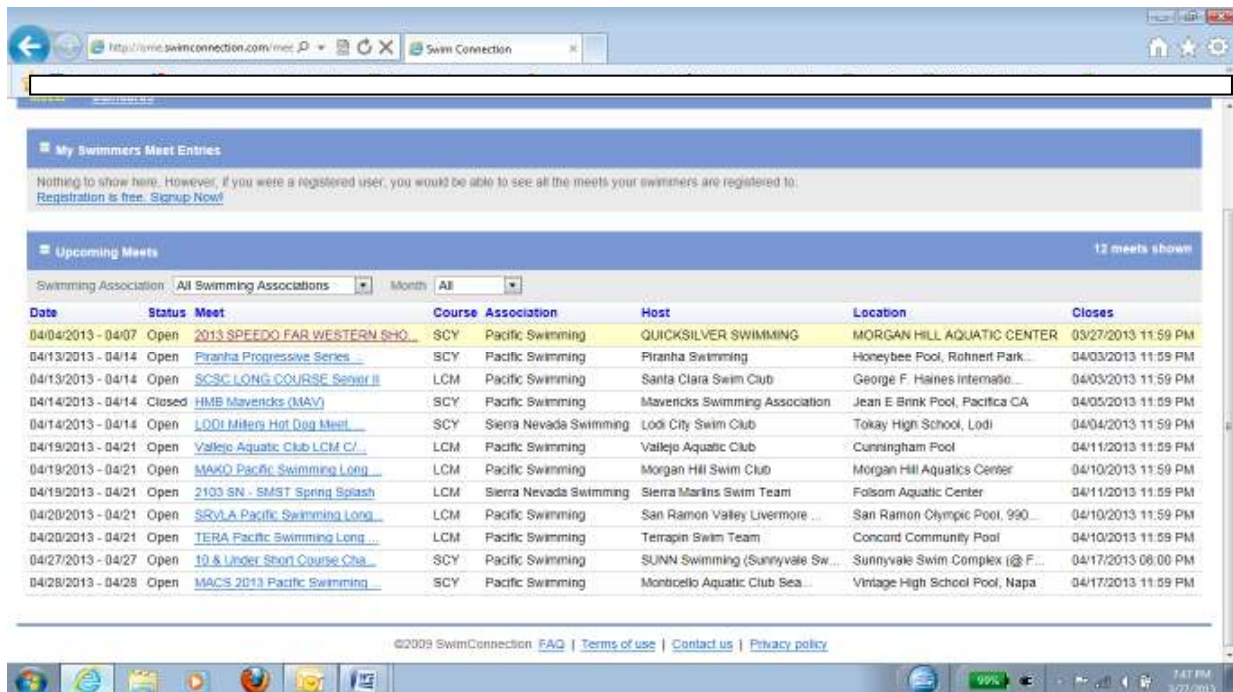

3. Click on "Enter Meets"

4. Click on "Go to the new Online Meet Entries site"

5. Scroll the list of meets to find the one you are looking for. Click on the meet once you have found it.

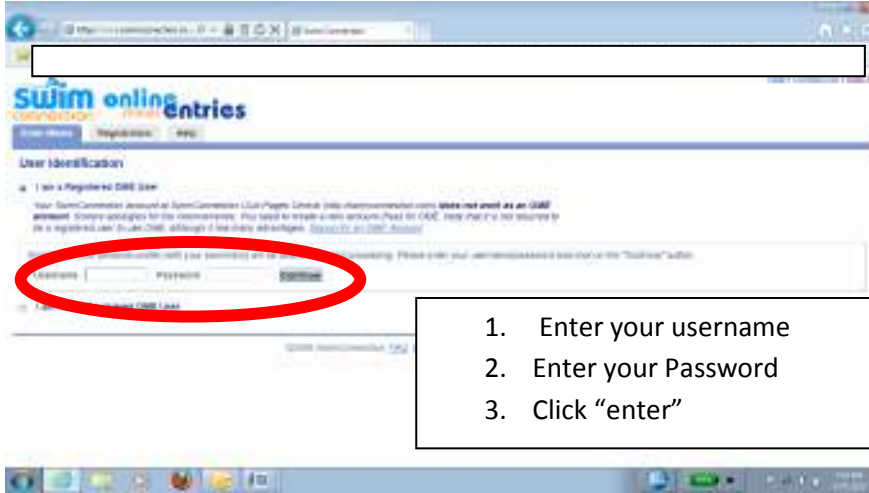

6. Click on "On line meet entry"

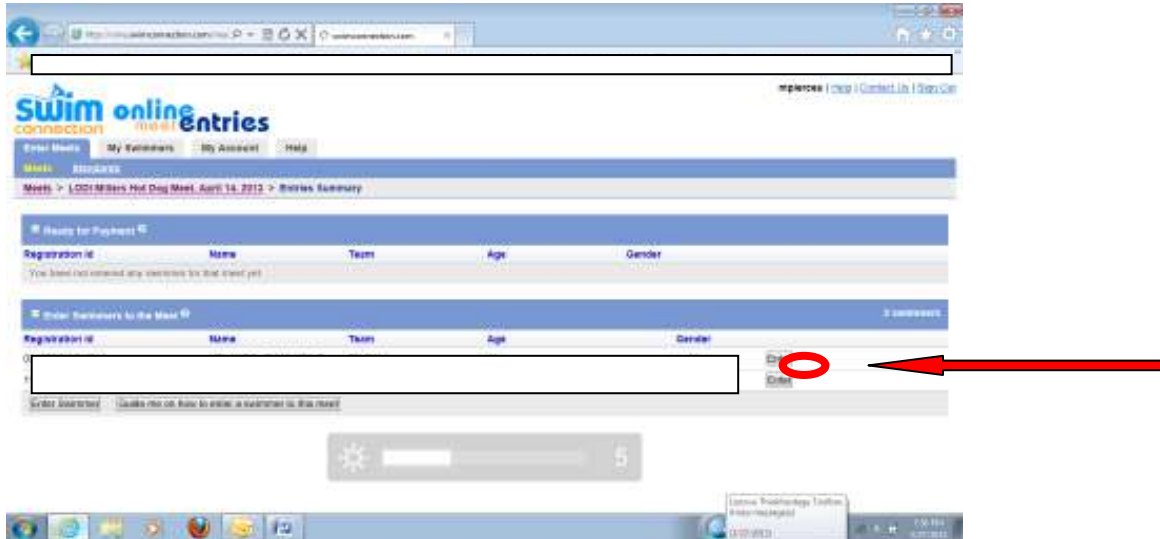

7. Click on the bubble next to "I am a registered OME user" (If you have not signed up as a registered member for the Online Meet Entry site please refer to the document "How to set up an account with Swim Connection").

8. When you click on this bubble, you will see the following screen. Enter in the information that was sent to you from Swim Connection when you registered your account.

9. You will see a screen with each of your swimmers listed. Click enter for your first swimmer.

10. Select which events you would like to enter your swimmer in by clicking on the empty box next to the event. If your swimmer does not have a time in that event please talk to your swimmer's coach or you can enter NT (no time). If your swimmer does have a time then enter in that time.

When you have finished entering all the times for the events that your swimmer with swim click "save"

Meets Standards

Meets > LODI Millers Hot Dog Meet, April 14, 2013 > Entries Summary > Event Entries

To enter an event, fill in the "Entry Time" box with the swimmer's best time. A blank entry time means the event will not be entered. If Swim Connection has a record of the swimmer being entered, entry times can be automatically filled in with a swimmer's best times. Clicking on the "Get Best Times" button below will get all their best times or "Best" for individual events. "NT" is filled in for those events that no record can be found. Erase the Entry Times from any events you do not wish to enter. Clicking "Clear Times" will erase all times below or "Clear" will erase individual times. A manual time can be entered by using the standard "swim time notation", for example: 5:30.20 or 24.99. No need to enter punctuation if you enter a time with the hundredths of seconds (e.g. 12450 converts to 1:24.50). Use "NT" to enter an event without an entry time.
