

## **Armijo High School**

The pool is located on the athletics side of campus near the tennis courts. The high school is located at 824 Washington Avenue in Fairfield.

We will be using the pool during the pool renovation project at Solano College.

### **Parking**

There is a small parking lot available near the tennis courts on Texas Street (Clay Street on Google maps.) Parking in this lot is extremely limited.

Street parking (across Texas street) is also available. Participants should be careful when crossing Texas Street as it is a busy street. Additional parking can be found in the student parking lot on Washington Street. Note that this is a 5-10 minute walk to the pool. This is a shared parking lot with other athletic teams and activities. Please follow all posted parking lot rules.

### **Restrooms and Locker Rooms**

Locker rooms with restrooms are available for use. These are shared use with other sports and activities on campus.

### **Spectators**

There are several spectator areas on the pool deck. Parents and spectators are welcome to attend practices. We do ask that spectators remain in designated areas and refrain from coaching or teaching their children during practices.

Coaches are available before and after practices as needed. Parents are welcome to have a quick conversation if needed during practices, however, we ask that longer conversations are held before or after practices. This allows our coaches to maintain focus on our swimmers at all times during their practices.
