

# COACH NEEDED FOR PARADISE PIRANHAS SWIM TEAM

The Paradise Piranha Swim Team is seeking a friendly, experienced Swim Coach to join our program. We provide comprehensive swim instruction to swimmers of all ages and levels, from first-time swimmers to competitive event swimmers. As a part of our instructor team, you will teach swimmers of all ages with a wide range of skills, experience, and circumstances. You will help swimmers define and achieve their swimming goals, help athletes refine their strokes and cut times, and promote an inclusive atmosphere in which everyone including families, feels valued and welcome. Our ideal candidate has prior experience with water sports and aquatics, lifeguarding, and a personable, friendly demeanor.

A little about us: Paradise Piranha Swim Team (PPST) is a member of Sierra Nevada Swim and maintains good standing with USA Swim. The Campfire of 2018 decimated our community striking the foundation of our team. Many team members have moved out of the area. Our town like our team is very small and re-building. Our pool and swim facilities survived the fire and remain one of the few recreational outlets for the community. Our team history shows our ability to grow and perform; we are looking for a Coach to grow with us.

History: In 2012, our swim program was reborn, serving only approximately 20 youth. By 2016, we reached a high in membership of 106 youth. Between 2016 and 2018 PPST was recognized among the north state swim community as a force to reckon with at swim meets; regularly a contender for team high point and walking away with many individual high point and first place awards. With the success of the summer swim program Paradise High School also re-started their swim program in 2014, and continues to benefit from the dedication of the PPST summer training.

Salary: Based on experience. Negotiable.
