

Sierra Nevada Teams-

We hope that all is well with your teams. There are still many unknowns and changes due to COVID-19. Due to this, we have delayed the meet bid process as long as possible to allow teams to gather information as they return to their pools.

A schedule will need to be presented and approved to the Sierra Nevada House of Delegates on Wednesday, August 5. In order to create a proposed schedule, we will move forward with collecting meet bids from teams for all sanctioned meets to be held September 1, 2020-August 31, 2021.

Sierra Nevada swim meet bid information as well as forms (Championship Meet and SN Meets) are included. A committee will be formed to work with the Board of Directors to award the Sierra Nevada Championship meets based on the criteria that is included.

All other sanctioned meets should be submitted using the Sierra Nevada Meet Form. This includes dual, tri, invitationals, open, senior and other sanctioned meets.

Teams should use their best judgement based on their expected county and facility guidelines when submitting their bids. Given the current environment caused by COVID-19, we recognize that this might be challenging. We encourage you to contact your facility operators regarding meets prior to submitting if possible.

A timeline for the bid process is included below.

We hope to see you on a pool deck in the near future!!!
