

Entering a Meet

Most sign-ups for swim meets are online. Here is what to do when it comes time to sign up for a swim meet:

You must first be registered with USA Swimming. If you have not done this yet, please go to Swimconnection.com and create an account. Once you have done this you can register your swimmer.

1. First you need an account, go to ome.swimconnection.com
2. Click "Signup Now"
3. Enter your information
4. Log into your email and confirm the page.
5. You have now signed up, but now you need to add your swimmers to the account, click the "Add swimmers to my profile" link.
6. Click the "Add Swimmer" button and select the Sierra Nevada LSC.
7. Then enter the swimmer's registration number in the form of: Birth date (MMDDYY), first three letters of their first name, their middle initial, last four letters of their last name.

If this is not working, click, "Enter all info manually"

Now that you have an account, here is what to do to enter a meet:

1. Log into your account and click the name of the meet you would like to enter.
2. Click the "online meet entry" button, then the "enter" button to the right of the swimmer you would like to enter.
3. You will now see all the events in that swimmers age group. If this is your first time you will need to enter times by hand. After your swimmer has times you can click "Get All Best Times" and the times will be filled in.

4. Click the "Save" Button and it will be saved, but nothing is final until you pay.

5. To finalize, click "Go to Payment Page" and enter all your information and read the checkbox.

If you have questions or trouble, please contact your group coach for assistance.
