

Athlete Transfers

A swimmer is eligible to represent a new club in a meet when 120 consecutive days have elapsed without the swimmer representing any other USA Swimming club in open competition. This 120-day rule does not apply to representation in closed competitions such as a league or Y meet.

A swimmer may actually represent a new club **only** after the Registration Chairman has processed the Transfer Form. A transfer application should be submitted as soon as a swimmer decides to join a new club, or unattach from his/her previous club.

That swimmer's membership will be changed to "attached" after 120 days have passed.

Do not wait until 120 days have passed before requesting a transfer.

To start the transfer process, submit the Athlete Transfer Form below; including a photocopy of the membership card from the previous LSC will help the process.

Transfers when renewing membership for the current year:

- Submit a new Athlete Registration Application. Note that the swimmer was registered in the previous year, indicating the Old Club Code, Old LSC Code, and date (month/day/year) of Last Competition with the old club. **If the date is left blank, the 120-day period will be calculated based on the postmark or date of hand delivery of the form to the SRS Registration Chairman.** The athlete, parent, or guardian must sign the form.

Transfers after current year membership has been renewed:

- Submit a Transfer Application Form, signed by the parent, guardian, or athlete to the SRS Registration Chairman.
- **Be sure to list the date and site of your last competition with the old club. If this is left blank, the 120-day period will be calculated based on the postmark or date of hand delivery of the form to the SRS Registration Chairman.**

The swimmer must compete unattached until the transfer has been approved, as well as until the 120-day period has passed.

There is no fee for transferring in to Snake River. If the previous LSC requires a transfer fee, it must be paid by the applicant.

Remember, Unattached swimmers may not swim on relays!
