

## Attention Officials

As of the end of August, we will enter a re-certification year. You are responsible to take the appropriate re-certification tests commensurate with your current, highest level of certification. You will have until August 31, 2019 to complete your tests and you may start/complete them anytime between **now and August 31, 2019**.

**Please see which re-certification test you must take to update your certification through August 31, 2022.**
