Prelim and Timed Final events will be swum slowest to fastest. Prelim events will be seeded in 10 lanes and finals/timed final events will be seeded in 8 lanes. Final events will be swum fastest to slowest. Where events can be combined the meet host, with the concurrence of the Meet Referee, will combine those events and heats before meet program is published.

SCRATCHES: Prelims: No penalty for scratches on the block.
Finals: Any swimmer who competes in a preliminary heat and qualifies in the top 16 as originally seeded, must swim in that event's final or consolation final; or must submit their intention to scratch from that event within 30 minutes of the announcement of qualifiers. Swimmers may reverse their intention to scratch and choose to be seeded for finals if they do so within 30 minutes of their last event of the day. Any swimmer seeded in a final who fails to swim that event will be barred from the next individual event in which the swimmer is scheduled to swim, unless excused by the Meet Referee because of illness or emergency. The Meet Referee must be notified prior to the event taking place. Coaches are encouraged to scratch swimmers seeded in the top 24 if not returning for finals. If there is an open lane in the Championship finals, the fastest qualifier in consolation finals will be offered that lane. Designated alternates wishing to swim in open lanes in consolation finals must check in with the deck referee and stand at the starters table ready to swim when the swimmers are called to the blocks. Only the starter may call for alternates.
