

# New to competitive swimming or to the El Paso Area?

---

Border Swimming is a Local Swim Committee (LSC) of USA Swimming. It functions as the administrative arm of USA Swimming in the El Paso/Border region. It is composed currently of eight teams: [Barracuda Aquatics Team \(BAT\)](#), BorderLand Area Swim Team (BLAST), Desert Sharks Swim Club (DSSC), [El Paso Aqua Posse \(EPAP\)](#), Just Care Aquatics (JCAT), Radford Aquatics Swim Team (RAST), Southwest Aquatic Team (SWAT) and [West Texas Typhoon Swim Club \(WETT\)](#). The clubs generally have multiple practice sites, often on different sides of town. Please contact the teams directly for information on practice sites and times.

We represent competitive swim racing, the kind seen in the Olympic Games. Teams, as a general rule, require that new members be able to swim at least 100 yards without stopping (the criteria are subject to change). Most of our clubs do not provide learn-to-swim lessons.

## Club Contact Information
