

## ELIGIBILITY REPORTS

### Short Course 2019-2020

**\*\*There may be some HS State participants that are not updated yet. There are always some that their USA number or other info needs to be corrected or verified before they are imported. Any swimmers with "exceptions" on their info have been sent out to all KY teams to verify their info. If you see your swimmers time is not correct or not there please contact your COACH and have them forward the swimmers info to [kyswimrobyn@kylsc.org](mailto:kyswimrobyn@kylsc.org) . I will try to update the eligibility report as I get info as we get closer to the cutoff date. Top times will still be updated once a week, usually by Thursday morning.**

If there are any errors in the above eligibility report, please let me know. There will be some high school students listed in the reports above that are not USAS swimmers. This is because some high school meets have to be imported into this data base. Although listed, the high school students that are not USAS swimmers will be ineligible to swim in the state meet.

\* [Meet List](#) - (updated 11-07-19)

This is a list of meets from which results are taken for the eligibility report. If you do not see a meet that your team has attended, please ask your coach to forward the TM Results file to Robyn Brandenburg [kyswimrobyn@gmail.com](mailto:kyswimrobyn@gmail.com)
