

## FAQs

# Carolina Aquatics Swim School

### ***How do I know which level is best for my child?***

Go to the class information link and look over the class descriptions for each level. If you are unsure of where to place your child after looking over this information, you may contact the [Swim School Manager](#) for assistance.

### ***Are lessons taught year round?***

Yes! CA has a school-year schedule (September through May) and a summer swim schedule (June through August). Our lessons are held in an indoor heated pool. Check out the schedules link for more details about both schedules.

### ***Can we make-up lessons if we miss any?***

**During our summer schedule:** There are no make-up lessons.

**During our school-year schedule:** Each swimmer may re-schedule one make-up lesson per calendar quarter (September- November), (December-February) or (March-May). If any additional schedule changes are made, the swimmer will be charged a \$15 fee per lesson. **The swim school manager must receive any schedule change at least one week in advance.** CA strives to provide the best quality lessons for our swimmers. Since the Carolina Aquatics Swim School is growing, we cannot maintain our low student-to-teacher ratios and offer make-up lessons.

### ***If I have more than one child taking lessons do I receive a discount?***

Yes! The first child will pay \$100/month with any other children in the family paying \$90/month plus a \$25 registration fee per child.

### ***How do I register for lessons?***

You can click on the [Swim School registration link](#) and begin.
