

**Southeastern Swimming SCY Time Standards Report & Proposed 2015 Qualifying Times
submitted by Brian Haddad**

First and foremost, I am recommending that we do not make any changes to the time standards for SCY do to the variables expected with this year's meet moving to Auburn one week after Tennessee HS State. Based on the best information we can put together, it appears that we will have the optimum number of participants with no change to the qualifying times. That being said, I have developed what the standards would look like if we followed the formula.

The following report details the proposed changes to the 2016 Southeastern Swimming Qualifying Times for consideration at the Technical Planning Committee Meeting September 19, 2015. Please read carefully. This page will have bullet points regarding methods of calculation used for all age groups.

- 10&U Qualifying Times for both Girls and Boys Calculated in the Following Manner:
 - Three year average of 40th place in all 10&Under events.
- New 11-12 and 13-14 Qualifying Times for both Girls and Boys Calculated Using Existing Method Approved by Technical Planning Committee:
 - Three year average of 32nd place result in all events **except** the 500 Free, 1000 Free, 1650 Free, and 400 IM (see below).
 - Three year average of 24th place result in the 500 Free, 1000 Free, 1650 Free, and 400 IM.
- Senior Qualifying Times for both Girls and Boys Calculated in the Following Manner:
 - Three year average of the following place for the following events:
 - 48th Place – 50 Free, 100 Free
 - 40th Place – 200 Free, 100 back, 100 Breast, 100 Fly
 - 32nd Place – 200 Back, 200 Breast, 200 Fly, 200 IM
 - 24th Place – 500 Free, 1000 Free, 1650 Free, 400 IM
