

**FALL MEETING 2004
SOUTHEASTERN SWIMMING
OFFICIALS COMMITTEE**

- 1. I I I would like to thank Ed De Bruyn for all his valuable input to this committee. Ed has resigned in order to devote more time and energy to the administration of this association. He will still be very involved with our meets as an official.**
- 2. I would like to welcome Ronnette Jones to the Officials Committee. Ronette will be responsible for the Middle Tennessee area.**
- 3. United States Swimming is moving toward recording all sessions officials work every year. This would be done at the local level. Our plan is to establish a means for officials to input their volunteer work at a given meet at the level worked.**
Rational: This is to cull out officials who do not work out at the local level in favor of national meets.
- 4. On May 29th most of this committee attended a National Officials Clinic in Dallas that was targeting teaching tools for giving clinics. SES paid the registration fee and the officials paid their airfare.**
- 5. We are still working on a website for our committee members to input the status of the officials in their areas. We now keep track of official's names, addresses, club, expiration date, level, committee member responsible and a growing website address.**

**Respectfully submitted,
Stephanie Nadeau
Officials' Committee Member**
