R- 1	ACTION:	Adopted	Defeated	Adopted/Amended	Tabled	Postponed	Withdrawn
<p><i>Submitted by Chris Corragio (BSC)</i> <i>Will be effective immediately</i></p> <p>R-1 Update Travel Reimbursement Section of Policies and Procedures Proposal is to update Section 7.7 of the SES Policies and Procedures regarding travel reimbursement.</p> <p>7.7 Vehicle Usage</p> <p style="padding-left: 20px;">A. Reimbursement for the use of a personal vehicle shall follow the Standard Mileage Rate guidelines provided by the Internal Revenue Service.</p> <p style="padding-left: 20px;">B. In instances where the expected round trip mileage is in excess of a limit established by the SES Treasurer or Finance Chair, those driving to an approved function on behalf of SES shall rent a car. Reimbursement for the car rental, associated fees and gas shall be reimbursed by SES.</p> <p style="padding-left: 40px;">a. The class of car rented shall be economically prudent and demonstrate fiduciary care to SES.</p> <p>Rationale: In many instances, it is less expensive to rent a car than it is to reimburse for mileage. It should not be the intent of the reimbursement policies to allow an agent of SES to reap a financial largess while traveling on SES business. Rather, reasonable travel accommodations should be utilized that will save SES money. As an example, a 1000 mile round trip at .58 per mile would cost the LSC \$580. However, a full week’s rental of a standard size car would be \$242 (this includes estimated taxes and fees). An intermediate SUV would cost \$321.</p>
