January 2021

By unanimous vote at the October 10, 2020 House of Delegates meeting:

I motion for the House of Delegates to suspend our Policies and Procedures related to championship meets for the 2021 short course season, and assign the Championship Meet Committee with the task of evaluating the current public health conditions, pool availability throughout the LSC, and interest by hosting clubs, and to recommend a plan for conducting the 2021 SC championship meets throughout the LSC in a virtual format. The committee shall establish the event order and set some basic parameters for competition, including how results can be combined for the purpose of awards, the meet format (prelims/finals vs timed finals), the time standards, and the time frame in which meets shall be conducted. The recommendation of the committee shall be submitted to the Board of Directors by December 1 for discussion at the December 8 BOD meeting.
