Format

The swimming competition will be comprised of 32 events — 16 for men and 16 for women. The structure of the competition will be as follows:

- The competition will be conducted in eight lanes.
- The competition will feature preliminaries, A finals and B finals in all events except for the 800 m freestyle (women), 1,500 m freestyle (men) and relay events.
- The 800 m freestyle (women) and 1,500 m freestyle (men) will be conducted as a timed final event with the fastest eight seeded swimmers competing in the evening finals session.
- Relay events will have preliminaries and A finals.

Competition Draw

All start lists will be seeded according to Fédération internationale de natation (FINA) rules, based on the swimmers in the final entry list.

For preliminary heats, the fastest 24 swimmers entered in each event will be distributed in the last three heats according to FINA rules, with the remaining swimmers then placed in successive heats according to their qualification times. Start lists will be produced following the team leaders' meeting held one day prior to the start of competition.

Starting Positions

The starting positions for all swimming events at the LIMA 2019 Pan American Games will be based on seeding as outlined in the *FINA Handbook*.

Rules, Clothing and Equipment

The rules, clothing and equipment for the swimming competition at the LIMA 2019 Pan American Games will be held in accordance with the conditions outlined in the following documents that will be in force at Games time:

- FINA *Swimming Rules* available at fina.org
- The PASO Medical Commission will serve in place of the FINA Medical Commission where so stated in the FINA Rule.
- Pan American Sports Organization (PASO) *Regulation*
- Lima 2019 brand guidelines

Protests

- a. Protests will be resolved under FINA rule GR 9.2.
- b. Protests must be submitted to the referee in writing by the team leader, with a deposit in American dollars or in Canadian dollars in the amount equivalent to 100 Swiss Francs, within 30 minutes following the conclusion of the respective event.
- c. All protests will be considered by the referee.
- d. The commission will consider appeals against decisions by the referee and give recommendations to the jury of appeal, whose decision will be final.

Jury of Appeal

For the LIMA 2019 Pan American Games, the jury of appeal will be comprised of three members of the Union Americana de Natacion (UANA) executive committee so designated by the President of UANA. The assigned delegates will be required to be in attendance for all sessions of the competition. The technical delegate shall be present during the jury of appeal to provide support to the jury, but shall have no vote.

A jury member will be allowed to speak, but not to vote, on a case in which the interest of his/her Federation is involved. A jury member having acted as an official will not be allowed to vote on a case if there is a protest against his/her decision or on his/her interpretation of a rule.

The decision of the jury will be final.

Technical Officials and Judges

For FINA-sanctioned events, the technical officials will comprise:

2 referees

2 starters

4 stroke judges

2 chief inspectors of turn

16 turn inspectors
2 clerks of course
1 control room supervisor
1 chief finish judge
4 call-room officials
3 meet commission officials
2 reserve officials
1 executive liaison
1 bilingual announcer

Medals and Diplomas

Gold, silver and bronze medals will be awarded in each event of the swimming competition. In accordance with PASO *Regulations*, top-eight diplomas will also be awarded in each event.

Venue

The field of play and all equipment will be presented in accordance with FINA rules and regulations.

Facilities

Other facilities at the competition and training venues will include:

- change rooms and showers (separate facilities for men and women)
- athletes' lounge
- catering services
- athlete preparation area
- a mixed zone and press conference room where accredited media may conduct interviews with athletes post-competition

| Total | 4 |

*Up to eight athletes may be registered on a relay team. These athletes must all have qualified according to the system described below.

Athlete Eligibility

Athletes must have signed and submitted the Athlete Eligibility Condition Form.

Qualification System

Qualification period: (Insert Date) — (Insert Date).

As the Host Country, Peru will automatically will qualify 18 male and 18 female competitors.

Each NOC/National Federation (NF) may use proven swim times attained during the qualification period of those swimmers who have met the qualifying standards established by the UANA for the LIMA 2019 Pan American Games.

This minimum standard of performance must be achieved at a competition recognized by FINA from the official list of approved qualifying competitions for the 2019 FINA World Championships.

The priority order for qualification and selection into the Pan American Games will be:

1. All athletes who have achieved an “A” time standard (see chart on page 13) will be invited to compete. For any country entering two athletes in an individual event, both athletes from that country must have equaled or bettered the “A” time standard in that event.
2. Universality athletes will be invited to compete. The universality rule applies to those countries that do not have athletes with either an “A” or “B” qualifying time, or countries that have no athletes selected for the LIMA 2019 Pan American Games through the online selection process. Countries are entitled to have one male and one female competitor entered in the Pan American Games. Universality athletes will be selected separately by gender.
3. Relay-only athletes will be invited to compete. NOCs/NFs with two to five athletes in a gender selected for the Pan American Games may enter two relay only athletes in order that they can field a relay team in the relay events. NOC’s/NF’s that have six or more athletes in a gender selected for the Pan American Games will not be allocated any relay-only athletes.
4. Athletes who have achieved a “B” time standard (see chart on page 13) will be invited to compete until the quota of athletes for the LIMA 2019 Pan Am Games is met. If a country has an athlete with a “B” qualifying standard, but that athlete is not invited to compete, then that country may be permitted to enter athletes via the universality rule (step 2, above).

Under the universality rule, each NOC/NF is guaranteed an entry of one male and one female swimmer, each of whom may enter a maximum of three individual events, without having a qualifying time for any event. Should an NOC/NF not qualify any athletes during the selection process, it must identify which athletes are to be considered for the universality positions within the online meet entry system (OME).

Once a swimmer has qualified in at least one individual event and has been invited to the LIMA 2019 Pan American Games, that athlete may enter and swim other individual events, up to a maximum of five individual events, without having a qualifying time in those other events. These additional events must also be entered during the OME process described in this document. The rule of two entries per event per NOC/NF still applies.

Relays

Each NOC/NF may enter one team in each relay event, provided it has at least two athletes invited to compete in the LIMA 2019 Pan American Games. Each NOC/NF which has two to five swimmers invited in a gender will be allocated up to two relay-only swimmers in order that they may field a relay team. All other relay participants must be entered in at least one individual event. Relay-only athletes must only participate in the relay(s) and will not be permitted to swim in any individual events.
