MAXIMUM QUOTA PER EVENT PER NOC	
Men	2
Women	2
Mixed Team (at least one male and one female; maximum 4 athletes)	1 team

As Host Country, if not already qualified, Colombia will automatically qualify one diver or one mixed team to compete in each of the diving competition events for the Cali 2021 Junior Pan American Games, to a maximum of eight divers in aggregate.

According to the quota established by Panam Sports, the maximum number of diving competitors is 64.

Each NOC may enter a maximum of eight divers comprised of men and women if entering mixed team. NOCs not entering divers in mixed team will be allowed to enter a maximum of four divers.

Each NOC may enter a maximum of two divers per individual event and a maximum of four divers for the mixed team event, consisting of at least one male and one female diver.

Athlete eligibility

The athletes must have signed and submitted the Athlete Eligibility Condition Form.

Only NOCs recognized by Panam Sports whose National Federations are affiliated with FINA and the UANA, may enter competitors in the Cali 2021 Junior Pan American Games.

To be eligible for participation in the Cali 2021 Junior Pan American Games, a competitor must comply with Panam Sports Regulations, FINA rules and must be entered by his or her NOC.

All of the participating athletes must be born between January 1, 2002 to December 31, 2007.

A competitor's nationality will be determined according to Panam Sports Regulations.

Qualification system

NOCs may only send competitors to the Cali 2021 Junior Pan American Games who have qualified through the system established by UANA.

The objective is to have the top ranked UANA divers compete at the Cali 2021 Junior Pan American Games. NOCs may qualify for quota positions in three ways.

1. Initial quotas were established based on federations who competed at the Pan American Junior Diving Championships in 2019 and 2017 and achieved maximum quotas on average from both championships; federations obtained a quota position for each of their divers who achieved a ranking in the top five of each individual events in Group A and Group B. Federations earning maximum initial quotas were: CAN, MEX and USA, for a total of 24 initial quota positions.
2. Next, the host federation has a maximum quota.

Since there is an overall maximum quota of 64 divers, there are 32 quota positions remaining.

3. Finally, those divers who have achieved a ranking within the top three in an individual event at each qualifying competition of the CONSANT Championships (Zone 1) and CCCAN Championships (Zone 2), may earn a quota position for their federations provided that the total number of divers do not exceed 64 divers on all boards.

Additional divers may qualify at such events but may be subject to Reallocation of Unused Quota Places outlined below.

If there are less than 64 divers following the results at the CONSANT and CCCAN championships, additional quota positions may be allocated by going to next placing in each event at each qualifying event (e.g. 4th or 5th place) until all quota positions are allocated.

If more than 64 divers result from using the same placings at each qualifying competition, they will be reduced to 64 divers by dividing the scores attached by each diver in the same ranking by the winning score at the 2019 Pan American Games in Lima Peru for such event.

The percentages will be ranked in descending order such that the divers placing the same in the qualifying events who achieve the highest percentage of the winning score will receive a quota position, to the maximum aggregate of 64 divers.

Each NOC must submit a list with the names of the proposed divers (long list) to be registered for the Cali 2021 Junior Pan Am Games to UANA no later than June 1st, 2021.

The UANA TDC will review the divers to ensure that they have qualified in accordance with the following events:

Athlete Quota Numbers by Zone (64 Athletes Total)

Zone 1 – 20-28 divers, each federation within Zone 1 limited to a maximum of 8 divers, including COL with have a maximum of 8 divers as host nation.

Zone 2 – 20-28 divers, each federation within Zone 2 limited to a maximum of 8 divers, including MEX with a maximum of 8 divers qualified through the initial quota process.

Zone 3 – maximum 8 divers, with USA having a maximum of 8 divers qualified through the initial quota process.

Zone 4 – maximum 8 divers, with CAN having a maximum of 8 divers qualified through the initial quota process.

The number of divers from Zones 1 and 2 will depend upon their rankings and percentage scores from the qualifying competitions. It is possible that there could be 28 divers from Zone 1 and 20 divers from Zone 2 or the reverse.

It is also possible there could be 24 divers from each of Zone 1 and 2.

The first determinant **for the third qualification criterion** will be the placing at the qualifying competition.

The medallists (or such placing as the UANA TDC may determine that can be applied to both events) from the qualifying competition (excluding any divers already qualified) will qualify a quota position, provided that it results in 64 or less divers in aggregate. Additional quota positions may be earned based on percentage of the winning score in Lima.

DATE	QUALIFICATION EVENT	QUALIFIED ATHLETES
	Colombia, as host country	8 athletes (4 women and 4 men)
	Divers finishing in the top 5 in each event (Group A and Group B) at the Pan American Junior Diving Championships in 2019 and 2017 earned a potential quota for their respective NOC. NOCs that earned the maximum quota (8 divers) on average from both Championships, qualified the maximum quota for the Junior Pan American Games.	24 athletes (USA – 8, MEX -8, CAN -8)
TBC	CCCAN Qualifying Championship TBC	20-28 athletes
TBC	CONSANAT Qualifying Championship TBC	20-28 athletes

Note: Zones 3 & 4 divers do not have to have separate qualifiers within their zones, National championships or trials events in Zones 3 & 4 may be used to name divers to already qualified positions.

Confirmation of Quota Places

UANA will inform Panam Sports and NOCs/NFs of the quota places qualified, by June 7th, 2021.

The NOCs/NFs must confirm to Panam Sports and UANA the use of quota places obtained, no later than July 3rd, 2021.

Reallocation of Unused Quota Places

If the number of proposed divers exceeds the quota of 64, UANA will determine the qualified divers for the Cali 2021 Junior Pan American Games according to the priority ranking system outlined above.

The reallocation process will be completed by July 15th, 2021.

Qualification to Santiago 2023

In Diving, each gold medalist in individual events will qualify directly to the Santiago 2023 Pan American Games. Three (3) spots per gender (6 in total) will be allocated in these competitions.

These quotas will be for the athletes, not for the country. If the athlete that earned the place cannot participate in the Santiago 2023 Pan American Games, said place will be lost and may not be transferred to the country or to any other athlete placed in another position in the corresponding event of the Cali 2021 I Junior Pan American Games.

TIMELINE	
Date	Key Event
TBC	CCCAN Qualifying Championship
TBC	CONSANAT Qualifying Championship
June 1 st , 2021	NOC must submit a list with the names of the proposed divers to be registered
