

Good Morning to you all,

As members of the UANA Technical Swimming Committee, I am sending you attached the current version of the Swimming Technical Manual for the Pan American Games.

During the next few days, I will be writing up the "Call for Nominations" for technical officials to work on deck with us at the Pan American Games. Also, over the past week or so, Committee Secretary Jay Thomas and I have been working on the Application Form for technical officials that will be sent out with this "Call for Nominations" to all UANA Federations hopefully next week.

Finally, at this time I would like to ask each of you as members of the UANA Technical Swimming Committee to confirm with me whether or not you will be attending the Pan American Games this summer. The dates of the competition are from July 14-18.

Just so you know, we were also asked to add on an extra day, July 19, because on deck officials were requested to officiate at the swimming component of the Pentathlon event that day.

So if you are available to attend the Pan American Games this summer in Toronto, the arrival date for you would be July 12, (which is 2 days before the start of the competition), and the departure date would be July 19th. If you are a technical official and wish to work on deck for the pentathlon swimming session, your departure date would be July 20.

So I would ask you to please respond to me by email with a firm commitment whether you can attend the Games, or whether your schedule or other previous commitments do not allow you to attend on these dates.

Best Regards,
Bill
