

## **2020 TIDE Swimming Spooktacular Splash Additional Information**

### **Statement**

In applying for this sanction, TIDE Swimming agrees to comply and to enforce all health and safety mandates and guidelines of USA Swimming, Virginia Swimming, the Commonwealth of Virginia, and the City of Chesapeake.

### **Flow of Ingress and Egress at Meet for Athletes and Spectators**

Athletes will enter at the gate closest to the start end of the pool; and will exit out of the gate at the turn end of the pool.

Spectators will be off deck at all times except for those who are volunteers. They will be allowed to set up tents and sit in the parking lot area nearest to the pool that will be roped off for spectator seating outside of the fence of the pool.

Coaches will be stationed on the side of the pool deck closest to the fence on the side of the pool in front of the spectator seating area. We will mark the gate where they may stand, 10 feet apart. Athletes will enter in through the gate closest to the start end of the pool, check in at the “Zoo/Clerk of course area for their events.” When completed swimming their events athletes will exit out the gate on the turn end of the pool into the “spectator viewing section.”

Please see flow map below:

**Estimated Numbers at each session for the meet**

For each session:

4 lifeguards

4-6 officials

10-12 staff

12 volunteers (8 timers, 4 deck marshals)

100-125 swimmers

All in estimate: 150 to 200 total people.

**Statement of Local Guidelines and Protocols: Mandatory Requirements**

**Pools:**

- Post signage at the entrance that states that no one with a fever or symptoms of COVID-19 or known exposure to a COVID-19 case in the prior 14 days, is permitted in the establishment.
- Post signage to provide public health reminders regarding physical distancing, gatherings, options for high-risk individuals, and staying home if sick (samples at bottom of this document).
- Hot tubs, spas, saunas, splash pads, spray pools, and interactive play features must be closed.
- Seating may be provided on pool decks with at least ten feet of spacing between persons who are not members of the same household.
- All seating (including lifeguard stations) must be cleaned and disinfected between uses.
- Employees working in customer-facing areas are required to wear face coverings over their nose and mouth, such as using CDC Use of Cloth Face Coverings guidance. Lifeguards responding to distressed swimmers are exempt from this requirement.
- Provide hand sanitizing stations, including at the entrance/exit and where shared equipment is utilized.
- Facilities should screen patrons for COVID-19 symptoms prior to admission to the facility. Patrons should be asked if they are currently experiencing fever (100.4 degrees Fahrenheit or higher) or a sense of having a fever, a new cough that cannot be attributed to another health condition, new shortness of breath that cannot be attributed to another health condition, new chills that cannot be attributed to another health condition, a new sore throat that cannot be attributed to another health condition, or new muscle aches that cannot be attributed to another health condition or specific activity (such as physical exercise). Children should be screened per the CDC guidance for screening children. Anyone experiencing symptoms should not be permitted in the facility. Screenings should be conducted in accordance with applicable privacy and confidentiality laws and regulations.

### **Sporting events:**

- Indoor and outdoor recreational sports should maintain ten feet of physical distance between all instructors, participants, and spectators, where practicable.
- The total number of attendees (including both participants and spectators) of recreational sports cannot exceed the lesser of 50% of the occupancy load on the certificate of occupancy, if applicable, or 250 persons. For sports played on a field, attendees are limited to 250 persons per field.
- Ensure anyone who has symptoms of, has tested positive for, or has been exposed to COVID-19 follows appropriate guidelines for quarantine or isolation. Persons with symptoms should stay home until CDC criteria for ending isolation have been met. Persons with severe symptoms may need to be evaluated by a healthcare provider. Establish procedures for safely transporting anyone who is sick to their home or to a healthcare facility. If you are calling an ambulance or bringing someone to the hospital, try to call first to alert them that the person may have COVID-19.
- All shared items must be disinfected between each use to the extent practicable.
