

Hello 757Swim Families!

First, I am going to extend the deadling for the "Why 757Swim?" Commercial. We have gotten some really great videos and I want to keep the creative juices flowing. Remember there is a 25\$ Visa Gift Card being awarded to the winner as well as a 15\$ Visa Gift Card for second! Have fun with this!

Today I wanted to share an article that I read over the weekend that I thought was worthwhile for all ages of swimmers despite being marketed for college recruits. I think it is helpful for both parents and athletes to see what NCAA level of swimming looks for in their athletes. It is never too early to set goals and to dream. As the article mentions, there is a home for every swimmer to swim in college. You just have to find the right home. To be welcomed into these homes, this is what the coaches are looking for: <https://swimswam.com/college-coaches-share-recruiting-secrets/>

Thank you all!

Drew
