

MADISON SUMMER REGISTRATION NOW OPEN!

SUMMER REGISTRATION IS NOW OPEN!

We've been getting a fair amount of questions about our summer programming and we're really pleased that there's so much interest out there! You can find the summer schedule and fees posted under the 'Madison' tab on the website, or link to it directly using the link below.

LINK

We wanted to lock in our pool time and schedule as much as we could before publishing anything, but you'll notice a little note explaining that things are still (unfortunately) labeled as 'tentative'. We don't expect a LOT of changes – and we'll make as few as we can – so the posted schedule should work pretty well for planning purposes.

HOW TO REGISTER & HOW TO 'DECOMMIT'

Registering for the summer session is done just like signing up for a meet – just look for 'SUMMER REGISTRATION' under the meet tab. Sign-up is open now, so if you're interested feel free to register right away! If you are definitely NOT interested, you can 'decommit' right now to avoid any future reminder emails about summer. And, as always, if you have any questions you can connect with your swimmer's current coach or with Jacob.

SUMMER BAC CAN BE A GREAT COMPLEMENT TO REC LEAGUE!

BAC has always had strong ties to both the Tri-County League and especially to the All-City League. Historically, many of our swimmers have been active in both BAC and a summer rec league, and many of our coaches have also coached (or currently coach!) one of the teams. Similarly, a ton of our swimmers have gone on to summer league coaching as they've gotten older – your swimmer has probably been coached by former BACers already!

We love the energy and sense of community of those teams. But we also recognize that we offer something different – something that that can be a great addition to what you get from a rec team, and not a replacement for it. For our older and more committed swimmers, there simply isn't a substitute for serious long-course meter training, especially combined with our dryland program. For younger swimmers, we offer smaller groups with more consistent instruction provided by our professional and experienced coaches. Generally, our practice schedule is set up so that swimmers can take advantage of both experiences and get the most out of their summer swim season!

SUMMER BACers HAVE SOME GREAT MEET OPPORTUNITIES

This year we are VERY excited to be hosting the first-ever USA Swimming meet at the Soderholm Family pool at the Nicholas Recreation Center on the UW-Madison campus. The meet is the Jack Pettinger Invite (named for a long-time BAC and UW coach) and you should have received a separate email about it. In addition to that meet, we have several LCM meets on the schedule; time standard meets, higher-level Senior Meets, open water opportunities, and season-ending meets like Regionals and State. You can find the [full schedule HERE](#) and feel free to ask a coach if you have any questions.

We've had a great start to our spring session, and would LOVE to see great summer session numbers as well.

GO BAC!
