

# SPRING WRAP-UP

Hey BACers, one final email going out to everyone who was active with BAC this spring.

First, thanks so much for letting us work with your swimmers. The spring session always goes by so fast! Our coaches had a great time working with the kids and we were really excited by all of the improvement! Here are a couple of miscellaneous things to tie a ribbon around the season.

## **SWIM-A-THON**

The deadline for raising funds and getting everything turned into Simply Swimming was Friday. Please reach out to Mariah at Simply Swimming ([mariah@simplyswimming.net](mailto:mariah@simplyswimming.net)) ASAP if you have any questions or needs.

## **SUMMER SESSION**

We're officially into the summer session for our Madison and Baraboo groups. If you're signed up for summer you've been getting emails about the schedule and session etc. If you intended to do summer and have NOT been getting those emails (or you've changed your mind and would like to add summer) then let us know ASAP.

## **REGISTRATION LOGISTICS**

We'll be moving all of the 'spring only' athletes to a 'mailing list' group. That way we can connect once we have fall information posted, but you won't keep getting the email updates for the summer swimmers.

## **VOLUNTEERING FOR THE JPI**

Next weekend we're hosting a big invite – the Jack Pettinger Invitational – at the UW pool. Participating families are going to be volunteering, but we thought we'd reach out to spring-only folks as well in case anyone is interested. In particular we're looking for volunteers for the evening finals session on Saturday night. Volunteers will see some FAST LCM swimming and will get a JPI t-shirt as a thank you. Please respond to Jacob if you are interested.

## **LOOKING AHEAD TO FALL 2022**

We would LOVE to see everyone back for next fall! We typically have everything for fall (fees, practice schedule, meet schedule) figured out and posted sometime in the second half of July. That allows us to have fall registration open by the All-City and Tri-County meets. We'll send everyone an email once the information is more settled. Swimming is more fun with more friends, so if you're active with an All-City or Tri-County team this summer help spread the word about how much your swimmer enjoys BAC!

## **HAVE A GREAT SUMMER!**

Speaking of summer, GOOD LUCK to everyone that is competing with another team this summer! If you're an active summer BAC swimmer your coaches are likely going to ask about your rec meets and races. But we also want to hear from our spring-only swimmers too! If you had an awesome race, won a heat, or got a new best time, don't be shy about letting your BAC Coach know about it! And keep an eye out at meets – we've got a lot of BAC coaches working with a ton of the area teams!

**THANKS AGAIN FOR A GREAT SPRING SESSION, AND GO BAC!**
