

Wave Families:

This year, our goal is to raise the bar and make bigger and even better baskets for our Splashfest Raffle. This is a large part of the budget and we need to take this opportunity to raise as much money as possible. In the end, we all benefit if we make these baskets so amazing people can't just walk by them.

That being said, we are asking for all of our swim members to keep that in mind when making your donations. If it is something you or your kiddos would like, it's sure to be a great item to donate. We know everyone is busy this time of year and adding one more thing to the list is the last thing you want to worry about. Cash donations are absolutely fine which will be combined for larger items. As you can see, a number of items have already been purchased during Black Friday so if you would like to donate cash, it will go first to cover these items. If you have connections with local businesses who may be willing to donate, we are open to those opportunities as well.

One of the changes this year is each basket will be labels with all items in basket and the value of that basket. When dropping off your items, please include your name and cost of the item so it can be included on label.

Attached is a detailed description of the baskets we are putting together with suggestions for donations.

Collection will be from December 10 – January 4 at the pools. If you have any questions, please reach out to Kelly Broehm at kbroehm@yahoo.com.

Thank you in advance for all the support and Go Wave!
