

## HSSB Code of Conduct: Parents

The purpose of this code of conduct is to establish consistent expectations for behavior by parents. As a parent/guardian, I understand how important my child's participation is from a developmental standpoint. I also understand how important it is to respect the coaching staff and the knowledge and authority they have. I agree to the following statements:

- I will demonstrate good sportsmanship and show respect and common courtesy to all team members, coaches, parents, members of other teams, officials, and other coaches, in order to set the right example for the kids, at all times.
- I will volunteer my time at home meets as well as support my swimmer in their competition and follow their progress.
- I will refrain from coaching my swimmer from the stands at meets and practices.
- I understand that abusive or inappropriate language to any participating swimmer, coach, or official is not allowed in any way.
- I will direct any concerns to either Coach Lisa or Coach Connor.

I understand the above expectations and that my failure to adhere to the may result in disciplinary action.
