Subject: CZ Open Water Championships

Coaches,

Quick update... thank you for your entries for Friday. We are at 255 athletes competing this year for CZ Open Water.

Here's the v1 of the psych sheet we have until noon (central time) tomorrow for any updates or changes... then at this point, we cannot add/edit/change anything... so please, if you can send this link out to your families, so they are in the loop, that would be great. Always a good double-check when the parents have their eyes on it... coaches might miss something, but as we all know "Billy's Mom will let you know right away if something is off" :)

<https://www.teamunify.com/EventShow.jsp?id=763820&eeeeee=wikbst&team=wikbst>

If your LSC is traveling as a group, and need to register for the clinic/dinner as a group, I need to know today what the plan is... we have 100+ kids signed up for the clinic on their own and 3 LSCs that sent me rosters asking to "register everyone"... just don't want to get to Thursday afternoon under assumptions... I need to finalize numbers for food and tables/chairs TODAY.

Gimme a shout if you have any questions, and take a look at the email addresses that are cc'd on this email, if your coaches that will be here are not on it, please let me know and I will add them. I would rather be "over-communicating" at this point...

If you are a coach who will be here for the clinic, and willing to help out, please let me know that as well... want to start putting together lists and we can start communicating on how we're going to make the evening a great experience for all of the athletes.

That's it for now, wanted to get this in everyone's inbox before afternoon workouts. Gimme a shout!

Thanks

kevin
