

## Shorewood Swim Club -News Waves

### New Logo

We would like to give a HUGE thanks to Kandice and Sean Donnelly for designing our new logo. It was a fantastic process, and the new design gives a bold, original and modern take that really stands out while also paying homage to our previous logo with the waves and swimmer. After many meetings and hours of work, they were able to take the nebulous ideas of a small group and transition them into a logo that will help brand us long into the future. If anyone needs design work in the future, they do a fantastic job!

### Elsmore Aquatics

A reminder that today, Wednesday December 4<sup>th</sup>. is the last day to place orders with Elsmore for items if you want them by the Holidays. Suits, parkas, backpacks, goggles, fins and other equipment are all available on the site: [Shorewood Team Page - Elsmore Aquatics](#)

### Team Caps – Personalized

We are opening a new order for personalized team caps from the [Shorewood Team Store - Elsmore Aquatics](#). This order will open later today or tomorrow, and be open through noon on Thursday, December 12<sup>th</sup>. The caps will arrive by our January meets at BAC and EBSC. We need a minimum of 25 orders for the personalized caps, and this will be our last order for personalized caps until April, so think ahead! Caps that are not personalized are available at the pool-silicone are \$12 and latex are \$5, and will be billed to your account.

### Missing Caps

We have one order of personalized caps that were delivered to the incorrect address, but Elsmore is not able to determine where they were shipped. If you inadvertently received caps with the SWENSON name, please return them to the pool.
