

Parents: Add a credit card or ACH to account for auto pay

[← Parents/Non-Admins](#)

Many teams give you the option to add either a Credit Card or ACH (bank draft) into your profile for auto payments. This makes it more convenient for both you and the team, as it will automatically charge your card or bank account on the 1st of any month when fees are due. To add to your secure profile,

1. Sign in to your team's TeamUnify SwimOffice website.
2. In the side menu click **My Account** > **Setup Auto Pay**.

3. Click **Add New Card** or **Add Bank Account**.
4. Fill in the credit card or bank account details. The **Copy From Account Info** button speeds the process.
5. Click **Save**.
