

www.shopwithscrip.com SCRIP Coordinator: Jenn Colón - justicegirl180@hotmail.com

1. To get started, visit www.shopwithscrip.com to register and include our club code: **4CCBBDB3D1538**.
2. Select your desired payment method. If paying with Presto Pay, two very minimal amounts will post to your checking account within 1-2 business days to verify the account. Once you have these amounts, enter them in your SCRIP account. You will then receive a **verification code** via text or email. **Send only the verification code to Jenn Colón** to finish linking the SCRIP account. Do not send any personal financial info, just the verification code. Once this is completed, you can start shopping!
3. ScripNow (e-cards) and reload orders are delivered as soon as payment is received. Orders for the physical cards are due on Sunday at midnight to receive the following week. These orders are only placed once per week and there is a **minimum of \$300** for the team, to cover the shipping costs. For example, if multiple families order cards and the total order for these families is \$300 or more, this qualifies. However, if orders do not total the \$300, I will notify you that the order will not be placed until more physical card orders are received.
4. Rebate amounts can vary between retailers and some will offer special rebate increases for a limited time. Each order placed details the rebate amounts and reporting features provide an overall picture of earnings for your SCRIP account.
