

Flying Fish Arizona Swim Team (FAST) is the largest swim team in Southern Arizona. We are a non-profit corporation with a competitive swim team, recreational summer swim team, swim lessons, and Masters (Adult) swim program. Through these programs, FAST directly serves approximately 700 families in the Tucson area each year.

We are based out of the Oro Valley Aquatic Center and usually hold six swim meets per year. These meets host 400-600 swimmers and their families.

We take pride in being a nationally recognized aquatics club that also offers recreational and fitness programming. USA Swimming ranked FAST in the top 200 clubs in the nation for the 2020-2021 short and long course seasons. During the past year, FAST had swimmers who competed at the Olympic Trials, qualified for Junior Nationals, and captured State Championship titles. FAST is currently one of the top teams in the state.

However, our biggest accomplishment over the last 18 months was that we were able to keep all our swimmers, regardless of ability, in the water for most of the pandemic. Many of our swimmers told us that swimming “saved” them during this time. Our FAST family was their only opportunity to socialize with their peers. The team offered them physical and emotional wellness.

We have a long-standing reputation as an affordable and successful program, with professional coaches who provide top notch swim instruction, teach and model good sportsmanship, self-discipline, self-confidence, and responsibility - in and out of the pool. We provide discounted monthly dues and waived registration fees for swimmers whose families are struggling financially in order to make this sport accessible to everyone.

It is for this reason we are asking for your help. We have the following levels of sponsorship:
